## STATEMENT OF EXTENDED WARRANTY

### (For NICHYU Forklifts Only)

This statement applies to new forklift trucks supplied by Nichiyu or its authorised dealers to the original purchaser. This statement defines the extended warranty condition after the manufacturer's original warranty period has expired.

#### Warranty Period

The extended warranty starts from the expiry of the manufacturer's original warranty period. Extended periods available are 24 months or 2000 operating hours and 36 months or 3000 operating hours, whichever occurs first. This period commences on the date of delivery of the machine to the original purchaser.

#### Conditions of the Extended Warranty

The extended warranty must be purchased by the original purchaser within one month after the new equipment is delivered OR during order placement of new equipment. It will not be accepted after one month. To effect the extended warranty, the customer shall conclude the preventive maintenance (PM) service agreement with Nichiyu or its authorised dealers within 3 months (90 days) interval.

The cost of the PM service is NOT included in the extended warranty and shall be charged to the customer accordingly.

The repair of the equipment under this extended warranty will be organised in normal working days and hours. If the customer requires after hours service, an additional charge will be applied.

The equipment must be repaired or serviced by Nichiyu or its authorised dealers. The equipment should not be repaired or serviced by any external unauthorised parties.

The equipment shall use only Nichiyu genuine OR authorised spare parts for repair/replacement. Nichiyu reserves the right to void the extended warranty if non-Nichiyu parts are being used.

Warranty judgment will be done by Nichiyu. If Nichiyu judges that abnormalities and/or malfunctions are the result of misuse and/or abuse by the customer, these are NOT covered by this warranty and all repair costs will be charged to the customer.

#### Warranty Covered Items

The extended warranty covers the repair cost for labour and items listed in the next clause. Consumable parts, adjustments and lubrications are NOT covered under warranty.

If applicable items listed in the next clause have any abnormalities and/or malfunctions, Nichiyu or its authorised dealers will repair them free of charge.

#### Covered Items

This warranty covers the following components:

- Chassis frame, Structure of mast, Overhead guard.
- Hydraulic pump, Hydraulic control valve (except Valve linkage and Valve lever), Hydraulic cylinders (except Seals, Packing and O-rings).
- Traction motor, Hydraulic motor (except Motor brush and Brush spring).
- Control unit includes Transistor module, Main control circuit board, Main diode and Current sensor (except Contactors).
- Display unit and Display control board, Power steering controller (except Steering motor and Steering sensor), Speed sensor, Body harness.
- Steering linkage (except Steering motor and Steering sensor).
- Brake linkage (except Brake shoe/pad).
- Mast rollers, Reach rollers and Bearings.

#### Excluded Items

This warranty does NOT cover the following:

- Horn, Buzzer, Lighting equipment, Bulbs, Fuses.
- All kinds of switches (Limit switch, Micro switch, Key switch, Foot switch, Horn switch, Seat switch, Emergency switch, etc.).
- Power steering motor and Steering sensor, Tyres and Wheels.
- Hydraulic seals, O-rings and Packing, Hydraulic valve levers and linkages.
- Accelerator card and sensor, Accelerator lever and linkage, AOS potentiometer, Fingertip hydraulic lever, Brake shoe/pad.
- All kinds of adjustment, All kinds of lubrication, All kinds of filters, Changing and refilling oils, Refilling water to the battery.
- Battery and Battery plug, Charger and Charger plug, Attachments. (Regarding the battery, charger and attachment, each manufacturer may have their own warranty conditions).
